STATE RELIEF under 28 USC 2254

The state of Washington and defendants have lodged a detainer on  
me for a probation violation and pending charges from 2001.  
Plaintiff Jonathan Lee Riches submits this 28 USC 2254 state relief  
Motion on 7-1-08 Against defendants who are denying me due  
process and violating my civil rights. Because of this state detainer,  
I'm denied the residential 500 hr drug Program that entitles me to a  
year off. This Detainer by Defendants also puts me in danger with my  
security and classification, as I'm a non violent white collar offender  
sentenced on a Identity theft ring to 125 months in prison, but I'm in  
a medium facility with violent criminals. Because of this detainer, I'm scared,  
I'm forced to grow a beard to survive prison predators. I've had commissary taken,  
I've been Assaulted in the past, my workman got taken. The State of Washington  
is violating the double Jeopardy cause, I've already been sentenced for my crime. I  
seek defendants to respond, and seek the removal of my detainer.
